Licensed Operator List for _____ Department.

Instructions: An Operator Roster of Industrial Lift Equipment owned/operated by each department is maintained to identify all personnel enrolled in this program. At UCM this roster may be maintained by a "Responsible Person" in a department, the department's DSC or their designee and documented on this form, or through enrollment in the University Learning Management System (LMS). Update this roster as equipment is purchased or retired from service, and personnel are added/deleted from using Industrial Lift Equipment within the Department.

Operator Name / ID Number	License Number		Equipment
	Issue Date	Expiration Date
